

# The Automation Playground

This is a safe sandbox environment where you can interactively explore hundreds of automation templates. Filter using the labels on the left or via the search bar. At the moment, you can't import rules directly into Jira. Instead, recreate it in your own instance using the template as a guide.

## Automation

ENABLED

Return to list 

Transition to done when Pull Request is merged

🔍 Rule details

Actor: Automation for Jira

📄 Audit log

🔗 When: Pull request merged

⚠️ No Git provider connected

⚙️ Status equals

In review

🔍 And: Issue matches JQL

key = {{issue.key}} AND  
development[pullrequests].open = 0

🔗 Then: Transition the issue to

DONE

⊕ Add component

## Rule details

Name \*

Transition to done when Pull Request is merged

Description

Keep Jira issues and Bitbucket/Gitlab/Github in sync. Automatically transition an issue to Done when a pull request is merged and there are no other open pull requests.

Scope

All projects

Allow rule trigger

☐ Check to allow other rule actions to trigger this rule. Only enable this if you need this rule to execute in response to another rule.

Notify on error

E-mail rule owner once when rule starts failing after success

Owner \*

👤 Steve Ruler

The owner will receive emails when the rule fails.

Created

7 months ago

Actor

👤 Automation app user  
Automation

The rule actor is the user who will perform actions defined in this rule. For example if your rule includes the 'Add comment to issue' action, then the comment will be added by the rule actor above. Please ensure the app user has the correct permissions to perform all actions in this rule.
