

# The Automation Playground

This is a safe sandbox environment where you can interactively explore hundreds of automation templates. Filter using the labels on the left or via the search bar. At the moment, you can't import rules directly into Jira. Instead, recreate it in your own instance using the template as a guide.

Automation template library / Rules

## Automation

DISABLED

Return to list

If a build fails in Jenkins, then add a comment to the Jira issue and send a Slack message to the team channel.

Rule details  
Actor: Automation for Jira

Audit log

When: Build failed

Connect a build tool

Then: Add comment to issue

Hi there, {{build.name}} has failed. Check out {{build.url}} for more information.

And: Send Slack message

Build for Jenkins has failed. Bother. See {{issue.key}} for more info

Add component

## Rule details

Name \*

If a build fails in Jenkins, then add a comment to the Jira issue and send a Slack message to the team channel.

Description

Automatically notify the team when a build has failed in Jenkins via Slack and add more information in the Jira issue's comment section. You can also choose to send an email or notify via Microsoft Teams instead.

You can read more about the Build and Deploy triggers for Jira automation here: <https://community.atlassian.com/t5/Automation-articles/New-Build-and-Deploy-triggers-for-Jira-automation/ba-p/1442789>

Scope

All projects ▾

Allow rule trigger

☐ Check to allow other rule actions to trigger this rule. Only enable this if you need this rule to execute in response to another rule.

Notify on error

E-mail rule owner once when rule starts failing after success ▾

Owner \*

Steve Ruler ▾

The owner will receive emails when the rule fails.

Created

Actor

Automation app user

The rule actor is the user who will perform actions defined in this rule. For example if your rule includes the 'Add comment to issue' action, then the comment will be added by the rule actor above.

Please ensure the app user has the correct [permissions](#) to perform all actions in this rule.
