Build, organize, and collaborate on work in one place from virtually anywhere

KNOWLEDGE MANAGEMENT

Create a source of truth

Save time by harnessing your teams' collective knowledge into easy-to-find answers for everyone.

PROJECT COLLABORATION

Move work forward

From actionable meeting notes to inspiring project plans, kickstart team participation with a flexible workspace.
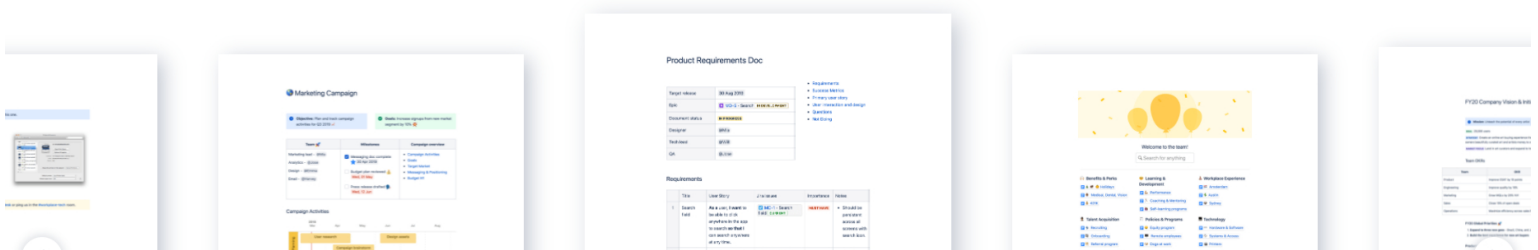

SOCIAL, MODERN INTRANET

Inspire conversation

Encourage all teams – from marketing to engineering – to share announcements, strengthen company culture, and get instant feedback.
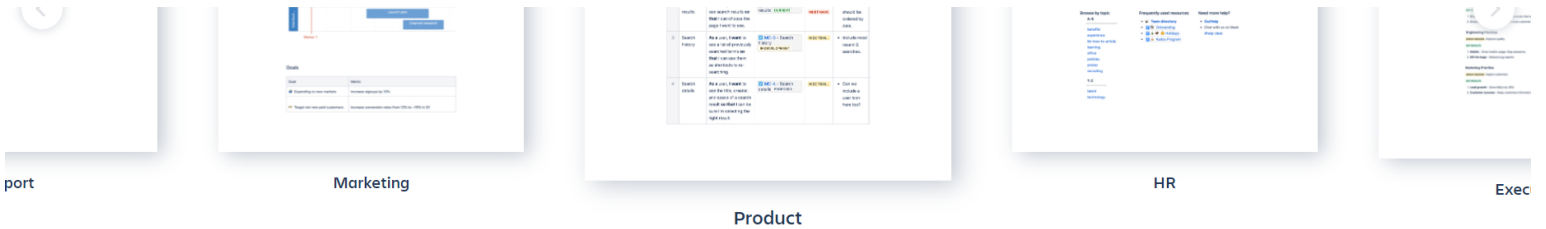

There's a template for that

Confluence comes equipped with best-practice templates so you don't need to reinvent the wheel. Get started easily and maintain consistency across teams and projects.

60,000+ customers use Confluence to rethink the way they work.

blend

"Confluence became the single-source of truth for client facing teams and helped them deliver on promises to the customer."

Terrence Caldwell
Product Marketing Manager, Blend

HubSpot

"Confluence has enabled anyone in the company equal opportunity to participate, ask questions, and use their voice towards building a company our employees' grandkids can be proud of."

Katie Burke
Chief People Officer, Hubspot

"People are practicing more knowledge-sharing than ever before, resulting in more transparency and efficiency."

Martin Binder
Business Analyst, Audi

Why Confluence?

Break down team silos

An open, connected structure allows information to flow freely among everyone at the organization.

Turn conversations into action

Built for lasting knowledge so you never lose great ideas or context in a transient notification or chat.

Organize everything in one place

From quarterly planning docs to new hire blogs, everything lives on Confluence.

Build a culture of open teamwork

With social features, employees at every level have a voice to contribute, share, and receive feedback.

Trust in Confluence

Confluence is purpose-built for teams that need a secure and reliable way to collaborate on mission-critical projects. Confluence sites are protected by privacy controls and data encryption, and meet industry-verified compliance standards.
